

I understand that The Federal Communication Commission is considering overturning New Jersey's 'Do Not Call' law. New Jersey's 'Do Not Call' law is among the strictest in the country and I want it to remain that way. The NJ law benefits its citizens. If the FCC overturns our law it will only benefit telemarketers. If the citizens of this great State have a problem with their "Do Not Call" law, they will take the matter up with their elected officials. We don't need your "help" in this matter.
